COMMENTS ON REASONS FOR ALLOWANCE

Dear Sir:

The Notice of Allowability included a statement regarding the Reasons for Allowance.
Applicants wish to comment thereon.

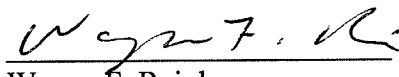

The Reasons for Allowance included with the Notice of Allowability set forth specific
reasons for allowance, which also paraphrases certain aspects of the claims. However,
Applicants do not acquiesce to the paraphrasing. The alleged recitation appears to paraphrase
claim 22, but also apply to claims 1 and 10 as well. Applicants do not acquiesce.

Applicants also submit that additional aspects of the independent claims, as well as combinations of aspects of the independent claims, are also not obviated by the prior art of record, for at least the reasons set forth in prosecution.

Applicants further submit that dependent claims 2-9, 11-21 and 23-28 are allowable for the same reasons as the independent claims from which they directly or ultimately depend, as well as for their additional limitations.

Finally, Applicants expressly reserve the right to challenge any statements made in the Reasons for Allowance or, in other official papers during prosecution in any future proceeding.

Respectfully submitted,

Wayne F. Reinke
